

PROFILE

I started as a designer who wanted to create art on the web. I am now a self-taught individual who has strong technical knowledge, a good eye for design, and strongly believes in the experience of the user rather than the eye candy presented to them.

PROFESSIONAL EXPERIENCE

GoDaddy.com

Phoenix, AZ

Spring 2005 – Summer 2006

PRODUCTION DESIGNER. I worked closely with other designers and engineers. My responsibilities included:

- Design and build templates for GoDaddy's various online applications (Website Builder, Blog, Shopping Cart, etc)
- UI design for these online apps (this included some programming with PHP, JS and ActionScript)
- Built custom websites and integrated them with a CMS.

I also led the team out of the table based stone age and into the standards compliant way of building websites.

GoDaddy.com

Phoenix, AZ

Fall 2004 – Spring 2005

CALL CENTER SALES/TECHNICAL SUPORT. I first began working at GoDaddy in the call center for approximately 5 months. This position gave me a strong technical understanding of everything behind the scenes of domains and websites as well as an in-depth view of how the average user thinks.
